The meeting was adjourned to meet Tuesday evening, July 23, at 8:30 o'clock p. m.

Vice-President Hutchison of the Arizona and Southwestern railroad was interviewed this week by the Prospector. He admitted that the Phelps, Dodge Company proposed to build from the Southern Pacific to connect with Tombstone, the route having already been surveyed. He stated, however, that there were a number of other plans which might be carried out. In regard to the conference which the Phelps, Dodge people held with Colonel Randolph in Tucson, Mr. Hutchinson stated that no settlement of differences was made at the Tucson conference, but he hoped that matters would be adjusted very soon.—Tucson Post.

In Tombstone this week the representatives of large mining companies operating in Cochise county have congregated and appeared before the Board of Equalization to protest against a raise in the assessment of their respective properties. The board has been raising the taxes of all the large operating mines, and the total assessment roll of the county will reach \$9,000,000, giving a lower rate of taxation than the county has ever had. The Copper Queen has been raised \$3,000,000, the Commonwealth \$1,000,000, and the Lowell and Arizona \$500,000. Mark Smith appeared for the commonwealth before the board.—Tucson Post.

The Grand Canyon mines in the Cataract mining district were sold this week to the Pittsburg syndicate for \$30,000. Several thousand dollars were paid down. Attorney E. S. Clark effected the sale.—Flagstaff Gem.
